Ejecutar el proyecto

Run File Shift-F6

En caso de problemas

1. Ir a Librerías o "Libraires"

2. Proj. Nómina.

Doble Clic en Proj_Nomina

Tiene que aparecer esta ventana

3. Vamos a "Resolve Problems..."

La ruta de ejemplo:

C:\Users\Windows

 $10\Desktop\Prueba\ProyectoBD122021\Finanzas\M\'odulo\Finanzas\proj_Nomina\librerias$

Y seleccionamos la librería

Repetimos con cada caso

Y queda solventado

Close

De nuevo vamos a Finanzas. Vista

Hacemos los pasos de ejecutar programa

Funciona!!
